Work Experience

CifarX, Software Engineer (Executive)
Chittagong, Bangladesh | Jan, 2023 - Present

- Leading a team of 8 people and managed projects using Kanban & Scrum methodologies.
- Collaborated with clients from ideation to production, conducting feature requirement research, and proposing system designs.
- Developed dynamic web applications with TypeScript, React.js, Next.js, including REST API integration, Authentication, efficient data fetching & caching, and role-based access controls etc.
- Built and optimized static websites using Gatsby.js, Astro.js, and Tailwind CSS, focusing on performance, load-time, and SEO.
- Led frontend development for the flagship SaaS product.
- Ensured mobile responsiveness, color-themes and multi-language support in web applications.
- Deployed apps on platforms like Railway, Netlify, Vercel, DigitalOcean, and Hostinger, and set up CI/CD pipelines using GitHub Actions.

A1 IT Solution, Software Engineer (part-time)
Chittagong, Bangladesh | Nov, 2022 - Mar, 2023

- Developed frontend for a Medtech startup.
- Created a prescription engine and appointment system.
- Integrated REST APIs.

Freelance, Software Engineer
Remote | Aug, 2019 - Nov, 2022

- Completed over 80 projects/tasks.
- Top Rated Freelancer on Fiverr and top-tier on PeoplePerHour.
- Developed WordPress sites, themes, plugins, and managed SEO.
